5. The Federal Government retains the right to cooperate through Superintendents, Education Field Agents, and other officials; and schools where Indian children are enrolled shall be open to visits of observation and consultation by duly accredited representatives of the Federal Government. Any designation of state employees or employment of state or Federal employees for specific attention to problems of Indian education must be determined in consultation between the State Superintendent of Public Instruction and the designated representative of the Commissioner of Indian Affairs.

6. When mutually so agreed and stated in the contract, the Indian Service may provide the services of one or more local representatives to be charged with duties agreed upon and made a part of the contract. Such representatives will be maintained on the Federal payroll, their salaries, or a part thereof, to be deducted from the amount of the contract or to be in addition thereto, as provided in each individual contract.

7. Superintendents of agencies, education field agents, and other Indian Service officers will be instructed to cooperate with the State and its agencies in its program of Indian education.

8. Money paid by the United States under the terms of this contract shall be used and expended only for obligations of the fiscal year covered by the contract except with approval of the Commissioner of Indian Affairs. Expenditures shall be in accordance with the provisions of a budget prepared on forms provided by the Indian Service, submitted by State officials, prior to approval of the contract, and approved by the Commissioner of Indian Affairs showing educational needs of the several districts enrolling Indian children, to provide a suitable education program to meet the needs of white and Indian children enrolled. No item of the approved budget shall be increased more than ten per cent (10%) without prior authority of the Commissioner of Indian Affairs. Prior to March 1 of each succeeding year, there shall be submitted by the State to the Indian Office a report for the first half of the school year, showing the enumeration of Indian children of school age, and the number of Indian children enrolled in each class of school by counties or other convenient geographic division, or by school districts if practicable, in schools where federal aid is extended. At the close of each fiscal year the State Superintendent of Public Instruction shall submit a report for the entire school year showing the enumeration of Indian children of school age, number of Indian children enrolled in each class of school, as provided for the first half of the year, and also showing the average daily attendance for the year in schools where federal aid is extended. There shall also be submitted a financial report in which all expenditures for the year shall be set forth in comparison to the budget estimates for each of the specific items of the budget. With this report shall be submitted a budget estimate showing the needs for the next ensuing fiscal year. In addition to the statistical report there shall be submitted a narrative report of the general conditions of Indian education.

9. The State may provide educational facilities contemplated by these regulations by appropriate agreements with local school units or by directly establishing, equipping, and maintaining schools independently of existing local school units, whichever in the judgment of the State education officials seems best.

10. Any Indian schools within the State, maintained by the Federal Government, may be exempted from the provisions of the education contract when so provided in the contract.

11. Payment shall be made to the official designated by the State under the terms of the contract to receive payment for the State, in the amount agreed upon. Payment may be made in three or nine equal payments, as provided for by the terms of the individual contract, except as provided by section 12. Payments for the fiscal year shall not aggregate more than the amount of the contract. Where three payments are to be made, they shall be for periods ending ap-

proximately November 30, February 28 and May 31. When nine payments are to be made they shall be for periods ending approximately September 30, October 31, November 30, December 31, January 31, February 28, March 31, April 30 and May 31.

12. In areas in which summer activities on behalf of Indian children are conducted, payments may be made during the months of July, August and June upon presentation of vouchers properly certified covering expenses involved, which will include salaries of teachers paid on a twelve (12) months' basis and expenses of administration which continue during the summer.

13. Payments will be made at the end of each specified period in accordance with the provisions of the contract on vouchers, in duplicate, submitted through the State Superintendent of Indian Education or his designated representatives, or through the official designated by the contract, and the original of such voucher must be certified to by the State Superintendent of Public Instruction or his designated representative, evidencing that services have been rendered in accordance with these regulations and the true intent and meaning of the contract. All contracts made under the provisions of these regulations shall be subject to funds being appropriated to meet the amount involved.

14. No Federal property may be used for state school purposes unless covered by a specific permit applied for by the School Board of Directors through the State Department of Education and approved by the Commissioner of Indian Affairs.

15. When non-expendable government property is turned over to public school authorities under the terms of these regulations, a bond will be required to insure proper care of such property. The bond shall be filed by the person having custody of the property with the responsible local representative of the Indian Service and shall be in such an amount as will properly safeguard the interests of the government. The bond shall run in favor of the United States and shall be furnished at no expense to the Federal Government.

16. The State shall include in its budget for operation of the school suitable amounts for maintenance of Federally owned school buildings which may be made available for its use in reasonable repair, but will not be required to assume the cost of remodeling, rebuilding, or of major improvements thereto not customarily coming within the scope of ordinary repairs, unless otherwise provided for in the contract.

17. The appointment of personnel in schools predominantly Indian and supported in the major amount of their budget by funds provided under this contract, shall be approved by the authorized representatives of the State and Indian Office.

18. By mutual consent of the parties thereto any contract made hereunder may be changed, altered, modified, amended, or abrogated in whole or in part.

19. In accordance with Section 3737 of the Revised Statutes (Section 15, Title 41, U. S. Code) the State shall agree not to transfer any contract made pursuant hereto, or any interest therein; any violation of this provision will automatically terminate all obligations on the part of the government thereunder.

20. No Member of or Delegate to Congress, resident commissioner, officer, agent or other employee of the Government shall be admitted to any share or part in any contract made hereunder or derive any pecuniary benefit therefrom, but this restriction shall not be construed to extend to any such contract made with a corporation or company for its general benefit.

21. All contracts made pursuant hereto amounting to \$2,000 or over shall be subject to approval by the Secretary of the Interior.

WILLIAM ZIMMERMAN, Jr.,
Assistant Commissioner.

Approved: June 8, 1937.

Alaska Game Commission.

REGULATIONS OF THE ALASKA GAME COMMISSION RELATING TO GUIDES, POISONS, AND RESIDENT TRAPPING LICENSES

By virtue of the authority conferred upon the Alaska Game Commission by the act of January 13, 1925 (43 Stat. 739; U. S. Code, title 48, secs. 192-211; as amended by the act of February 14, 1931, 46 Stat. 1111; U. S. Code, Supp. title 48, secs. 192-207), entitled "An act to establish an Alaska Game Commission to protect game animals, land fur-bearing animals, and birds in Alaska, and for other purposes", the following regulations for the protection of game animals, land fur-bearing animals, and birds in Alaska are made and published, to take effect July 1, 1937:

REGULATION A. EMPLOYMENT OF GUIDES BY NONRESIDENTS HUNTING IN ALASKA

No nonresident of the Territory shall take game animals or black bears or polar bears for sport or for trophies in Alaska unless accompanied by a registered guide duly licensed by the Commission, except that nonresident Federal officials engaged in investigations in Alaska upon securing a special permit from the Commission shall not be required to employ licensed guides when taking game animals, or said black or polar bears: *Provided*, That no registered guide shall accompany more than one nonresident hunter in the field, except that he may accompany a nonresident man and/or wife and/or minor child when such additional persons are duly licensed.

No nonresident shall pursue or disturb a large brown or grizzly bear for the purpose of photographing such animal unless accompanied by a registered guide.

REGULATION B. QUALIFICATIONS OF GUIDES

Only a resident citizen or a resident native Indian or Eskimo who is the holder of a valid registered guide license shall act as guide for a nonresident taking game animals or black or polar bears for sport or for trophies in Alaska. Any person desiring to be registered with the Commission and granted a guide license for guiding nonresident hunters shall file with the Commission an application on a form issued by the Commission, which shall be subscribed and sworn to by the applicant before a person authorized to administer oaths. Such application shall state applicant's citizenship and resident status, his permanent address, and the regions in which he desires to guide nonresident hunters. Each applicant for a registered guide license shall have been a resident of Alaska for 5 years immediately preceding his making application for such license and shall be required to undergo a written and oral examination given by a member of the Commission or by such person as the Commission may designate, to determine his qualifications to guide, and his knowledge of the Alaska game law and regulations.

If, in the opinion of the Commission, an applicant for guide license does not possess sufficient field experience, but meets all other requirements of the regulations, an assistant guide license may be issued to the said applicant limiting his guiding privileges until such time as the Commission is satisfied that he is qualified for a regular guide license.

No registered guide license shall be issued unless the applications therefor shall have been approved by the Alaska Game Commission at a regular or special meeting: *Provided*, That in cases of emergency the executive officer may, after due investigation and being satisfied of the applicant's qualifications, issue a special guide license upon an application properly completed and accompanied by the required fee, authorizing the licensee to guide certain specified nonresident hunters, who shall be named in the application for such license: *Provided further*, That the extension of guiding privileges authorized by such licenses or the renewal thereof shall be made only upon compliance with the requirements first above stated.

A registered guide license must bear the signature of the chairman of the Commission and be countersigned by one

other member of the Commission. Each license shall expire on June 30 next succeeding its issuance, shall be revocable at the discretion of the Commission, and shall not be transferable.

Each licensed guide shall submit to the Commission immediately upon completion of a hunting trip, a report containing the name and address of each nonresident in each hunting party for which he acted as guide, the period covered by his services rendered each hunting party during the open season, the number and species of animals taken by each nonresident guided by him, the number and species of animals wounded but not secured by each nonresident hunter guided by him, and the numbers and localities of each species of big game animal observed by him and members of the hunting party, and such other information as the Commission may require.

REGULATION C. USE OF POISON

No hunter or trapper, including native Indians or Eskimos, shall have in possession any poison compounds of strychnine, arsenic, phosphorus, antimony, barium, the cyanides, corrosive sublimate, or any other poison capable of being used for killing fur-bearing or game animals. Possession shall include presence of such poisons in camps, cabins, buildings, or boats occupied by hunters, trappers, native Indians, or Eskimos.

REGULATION D. RESIDENT TRAPPING AND/OR HUNTING LICENSES

After July 1, 1937, no resident of Alaska over sixteen years of age, except a native-born Indian, Eskimo, or half-breed, who has not severed his tribal relations by adopting a civilized mode of living or by exercising the right of franchise, shall take or attempt to take land fur-bearing animals in Alaska without first having obtained a resident trapping license.

After July 1, 1937, no resident of Alaska over sixteen years of age, except a native-born Indian, Eskimo, or half-breed, who has not severed his tribal relations by adopting a civilized mode of living or by exercising the right of franchise, shall take or attempt to take animals (other than fur-bearing animals) or birds included in the terms of the Alaska game law, without first having obtained a resident hunting license: *Provided*, That a person who is the holder of a resident trapping license shall be entitled to the privilege of hunting without a hunting license.

On and after July 1, 1937, all former regulations¹ of the Alaska Game Commission relating to guides, poisons, and resident hunting and trapping licenses shall be and are hereby, revoked.

IN TESTIMONY WHEREOF, we have hereunto set our hands and caused the official seal of the Commission to be affixed in the City of Juneau, Territory of Alaska, this 16th day of March, 1937.
